Public health activity	100.0%	–	–	–	–	–	100.0%	–
Investment	100.0%	–	–	–	–	–	100.0%	–

**Notes:** Every five years the National Health Expenditure Accounts undergoes a comprehensive revision that includes the incorporation of newly available source data, methodological and definitional changes, and benchmark estimates from the U.S. Census Bureau's quinquennial Economic Census. The values shown here reflect the comprehensive revision made in 2014, and thus, the figures shown here may reflect methodological and definitional shifts within payer and service categories from prior publications of MACStats. For example, the 2014 methodology implemented a new method for allocating Medicaid managed care premiums to the goods and services categories for states that have a large percentage of Medicaid managed care spending. That change caused a downward revision for hospitals and home health and an upward revision for other service categories. Posted online May 5, 2017.

– Dash indicates zero; 0.0% indicates an amount less than 0.05% that rounds to zero.

<sup>1</sup> U.S. Department of Defense and U.S. Department of Veterans' Affairs.

<sup>2</sup> Includes all other public and private programs and expenditures except for out-of-pocket amounts.

<sup>3</sup> The other professional services category includes services provided in establishments operated by health practioners other than physicians and dentists, including those provided by private-duty nurses, chiropractors, podiatrists, optometrists, and physical, occupational, and speech therapists, among others.

<sup>4</sup> The other non-durable medical products category includes the retail sales of non-prescription drugs and medical sundries.

<sup>5</sup> The durable medical equipment category includes retail sales of items such as contact lenses, eyeglasses, and other ophthalmic products, surgical and orthopedic products, hearing aids, wheelchairs, and medical equipment rentals.

<sup>6</sup> The nursing care facilities and continuing care retirement communities category includes nursing and rehabilitative services provided in freestanding nursing home facilities that are generally provided for an extended period of time by registered or licensed practical nurses and other staff.

<sup>7</sup> The other health, residential, and personal care category includes spending for Medicaid home and community-based waivers, care provided in residential facilities for people with intellectual disabilities or mental health and substance abuse disorders, ambulance services, school health, and worksite health care.

<sup>8</sup> The administrative category includes the administrative cost of health care programs (e.g., Medicare and Medicaid) and the net cost of private health insurance (administrative costs, as well as additions to reserves, rate credits and dividends, premium taxes, and plan profits or losses).
